This ordinance is authorized by New Mexico Law, Section 4-37-1 NMSA, 1978 and Section 3-18-5 NMSA, 1978.

Section 3: Goal

The goal of this ordinance is for property owners within the unincorporated areas of Chaves County to clean up and abate any public nuisance on their own property.

Section 4: Definition of Public Nuisance

A public nuisance is one that has the potential to affect health, safety, welfare and/or comfort of the general public. This would include abandoned buildings, dangerous structures, dilapidated mobile homes, ruins, rubbish, wreckage, trash, etc.

Section 5: Notification

STAFF SUMMARY REPORT

ACTION REQUESTED BY: County Manager

ACTION REQUESTED: Support of NACO National Center for Public Lands

ITEM SUMMARY:

Chaves County received \$7.86 million from the Local Assistance and Tribal Consistency Fund (LATCF). LATCF monies were disbursed to public lands counties across the west, largely in part due to the efforts of the National Association of Counties. This resolution is to support using the equivalent of 1% of those funds, from the general fund, to aid in the establishment of a Center for National Public Lands Counties

TITLE: County Manager

RESOLUTION R-24-011

A RESOLUTION SUPPORTING FUNDING THE NACO CENTER FOR NATIONAL PUBLIC LANDS COUNTIES

WHEREAS, On September 29, 2022 the United States Department of the Treasury announced the release of the Local Assistance and Tribal Consistency Fund (LATCF) for eligible revenue sharing county governments, whose revenues had been negatively impacted by government programs over the last twenty years; and

WHEREAS, Chaves County has approximately 34% federal public lands within its boundary and relies upon revenues from the federal government in the form of Payment in Lieu of Taxes (PILT) and Secure Rural Schools (SRS); and

WHEREAS, Chaves County received \$7.86 million dollars in Local Assistance and Tribal Consistency funds, due to the negative impacts from reductions in PILT payment amounts, or non-funding of SRS by the federal government; and

WHEREAS, Chaves County is a public lands county, as are most counties, in the western states; and

WHEREAS, public lands counties, throughout the west, are consistently fighting against government overreach, changing priorities, subjective policy interpretations, and weaponization of conservation practices to unfairly, and illegally, limit certain multiple uses on public lands by federal agencies; and

WHEREAS the National Association of Counties (NACO) supports public land issues and Chaves County has maintained a strong presence in the NACO Western Interstate Region, and on the NACO Public Lands Steering Committee; and

WHEREAS, NACO is one of our best avenues for assuring that all members of Congress are aware of the needs that our public lands counties rely upon to provide for our families, and our nation; and

WHEREAS, NACO is the first place that our public lands counties turn to when needing information or assistance in any of the matters that are unique to our western lands; and

WHEREAS, the diligent work done for decades, by NACO, is largely responsible for making Congress aware of the negative impacts, that they have had on our counties, which ultimately resulted in the LATCF disbursements; and

WHEREAS, NACO has requested that all counties who have received the benefit of LATCF funding, set aside the equivalent of 1% of the total amount received, to be used to fund the Center for National Public Lands Counties; and

WHEREAS, it has been clearly demonstrated that a Center for National Public Lands Counties, administered by NACO, would be extremely beneficial to all public lands counties.

NOW, THEREFORE, be it resolved that the Chaves County Board of Commissioners, supports the creation of a Center for National Public Lands Counties and funds in the amount of \$78,609.00 (1% equivalent) from the Chaves County general fund be used to aid in its establishment.

Done this 21st day of March, 2024, at Roswell, Chaves County, New Mexico.

National Center for Public Lands Counties

Advancing the policy and practice study of America's public lands counties

Powered by the Western Interstate Region
and the NACo Research Foundation

NATIONAL CENTER FOR PUBLIC LANDS COUNTIES

- **Counties must research, evaluate and share lessons learned about the critical county contribution to sustainable resource management and evidenced-based practices** for developing and enhancing collaborative partnerships, including public-private-community collaborations and intergovernmental coordination
- Therefore, the NACo and WIR Boards of Directors both moved at the 2022 NACo Annual Conference in July 2022 to proceed with developing the **National Center for Public Lands Counties**
- **The Center will weave together the narrative around public lands counties and the national interest** in our prosperity by showing how public lands are interconnected with the country's needs. For example, a wildfire on federal land near a major water source could jeopardize water quality in a large urban region
- **The National Center for Public Lands Counties will be an essential resource for public lands counties** by sharing these stories with county officials, intergovernmental partners, the media, think tanks and other key influencers to demonstrate how prosperous public lands counties create a prosperous America

FURTHER THE FEDERAL GOVERNMENT'S UNDERSTANDING OF THE COUNTY ROLE IN RESPONSIBLE LAND, WATER AND RESOURCE MANAGEMENT

- **County governments are leaders in the intergovernmental partnership** with federal lands management agencies
- **We work with officials from all levels of government, private stakeholders and other interested parties** to reduce fuel loads on federal lands, prudently develop our natural resources to meet the nation's economic needs, improve local economies, enhance recreational access to public lands, and conserve our lands and waters for future generations
- With improved understanding of our unique role, **Congress has invested record sums recently to support public lands counties**, including Payments In-Lieu of Taxes (PILT), Secure Rural Schools (SRS), and other revenue sharing programs
- **Congress also granted new authorities to federal lands agencies** to broaden the scope, pace and scale of their on-the-ground resource management work with local governments
- **HOWEVER, we must continue to tell the county story**, research innovation practices, nurture and build new relationships and networks, and address the mounting challenges and opportunities facing public lands counties

MISSION AND OBJECTIVES

- **MISSION:** Advance the policy and practice study, research, and learning networks for America's public lands counties
- **IMPERATIVE:** Enhance the long-term policy and practice research, capacity and information exchange of elected and appointed leaders from America's public lands counties, including with federal and state policymakers, key stakeholders and influencers, the media, and the general public
- **OBJECTIVES:**
 - **Enhance the understanding of national, state and county policymakers and influencers** of the unique policy and practice issues facing America's county officials in areas with federal public lands
 - **Develop the policy and practice research, case studies, public forums, and learning networks necessary** to advance and inform our nation's policies and practices (including at the federal, state and local levels) impacting public lands counties
 - **Foster intergovernmental relationships and dialogue on the intersection of federal state and local policymaking and practices** across the broad range of issues facing public lands counties such as: landscape health, wildfire risk mitigation, watershed protection, economic competitiveness and job creation, enhanced public access to federal lands and waters, species management, and biodiversity health
- **FUNDRAISING GOAL: \$15 million over two years** to establish a new research fund, known as the National Center for Public Lands Counties, within the NACo Research Foundation and co-governed with NACo's Western Interstate Region (WIR) and Public Lands Steering Committee leadership

National Center for Public Lands Counties

FUNDRAISING GOAL

- For the National Center for Public Lands Counties to meet its mission and serve as a long-term tool for public lands counties, **a voluntary investment** from state associations representing public lands counties is needed
- NACo staff, state associations of counties executives and county officials set **a fundraising goal of \$15 million over the next two years** to build the staff capacity and partnerships to conduct this critical research and keep the Center on a sustainable financial course. These funds should come from county general funds.
- **State association executives are asked to meet with their members and determine by the 2023 NACo Annual Conference** what their state association can pledge as a voluntary contribution to the Center
- These funds will be **managed under a 501(c)(3) within the NACo Research Foundation to support WIR's collaboration** with the National Center for Public Lands Counties. *These funds will not be used for any partisan political purposes*
- **Initially, the Center will need 1-2 hard-working, passionate and talented writers** who can help us tell the county story and conduct and develop key research to meet the National Center's goals. We will then build staffing capacity, unique programming and impactful resources as appropriate

GOVERNANCE

- **National Center's Governing Board will consist of:**
 - WIR Executive Committee (President, 1st VP, 2nd VP, Immediate Past President)
 - NACo Public Lands Steering Committee Chair
 - NACo Public Lands Steering Committee Subcommittee Chairs
 - NACo West Region Representative
 - NACo Executive Director
 - Executive Director from WIR Immediate Past President's home state
 - NACo Public Lands Legislative Director and WIR Liaison serving as NACo staff liaison to the governing board
- **Governing Board will meet on a regular basis and** develop an annual workplan based on the research priorities selected by the WIR Board of Directors and NACo Public Lands Steering Committee. At the WIR Annual Conference each May, the WIR Board of Directors and the NACo Public Lands Steering Committee will review the activities and performance of the Center and consider and adopt the proposed workplan for the next year.

July 2023 | 7

NEXT STEPS

- Beginning in August, NACo should collect the pledged funds from state associations and start the process of hiring a director to run the Center on a fulltime basis, oversee the finances and take the lead in hiring support staff.
- Considering the PILT Fly-In in September and the WIR Board of Directors meeting the first week of October, NACo should use the August to early October timeline to collect the funds and begin the formal hiring process.
- An initial step for hiring a director should include soliciting input from the state association executive directors.
- The new director should immediately work with the governing board to draft formal bylaws and make decisions on initial research priorities and plans to be finalized at the WIR Conference in May 2024.
- The Center will be expected to present annual reports and seek approval from the governing board at WIR Conferences moving forward for annual budgets and research priorities, so this timeline works naturally within that framework.

RESOLUTION R-24-013

A RESOLUTION SUPPORTING A LETTER TO GOVERNOR MICHELLE LUJAN GRISHAM REQUESTING NEW MEXICO RESOURCES TO ASSIST IN SECURING THE MEXICAN BORDER

WHEREAS, On February 23, 2024 a letter was drafted by counties in New Mexico requesting that Governor Michelle Lujan Grisham declare a state of emergency regarding the fentanyl crisis, human smuggling, and crime rates in New Mexico; and

WHEREAS, the letter describes the fentanyl crisis in our state, declaring fentanyl an "imminent threat to public health" which requires "urgent intervention"; and

WHEREAS, the letter goes on to point out the human smuggling practices and criminal organizations taking advantage of our border, ultimately labeling the practice "a humanitarian crisis"; and

WHEREAS, the letter relays the Federal Bureau of Investigation's crime rate statistics from 2020 which show New Mexico is ranked number two in violent crime reflecting the need for "targeted intervention"; and

WHEREAS, the apprehensions of illegal aliens by the United States Border Patrol has skyrocketed since the last emergency declaration in 2005, by then Governor Bill Richardson, having nearly doubled to 2,214,652, in 2022; and

WHEREAS the drafted letter reiterates the fact that this is not a partisan political issue as it "effects Democrats and Republicans alike"; and

WHEREAS, these "interconnected issues have strained our respective limited governmental resources to the breaking point"; and

WHEREAS, a respectful appeal to utilize the resources of the State of New Mexico to assist the federal government in their jurisdictional duties is ultimately requested; and

WHEREAS, each county listed on the draft letter has been asked to present this to their respective Boards of Commissioners requesting their support and signature.

NOW, THEREFORE, be it resolved that the Chaves County Board of Commissioners, supports the requests made by these multiple counties in the proposed letter, and desires to sign the letter to show support for these requested actions.

Re: Urgent Appeal for Declaration of State of Emergency Regarding Fentanyl Crisis, Human Smuggling, and Crime Rates in New Mexico

Dear Governor Lujan-Grisham

As governmental representatives of _____ counties in New Mexico we are respectfully writing this joint correspondence to request that you utilize your Executive Authority to address the Fentanyl crisis, human smuggling, and crime crisis within our state. The gravity of these issues demands immediate and decisive action to safeguard the well-being of our communities.

As you know the proliferation of Fentanyl within our state has reached crisis proportions, leading to a surge in opioid-related deaths and overdoses. The Centers for Disease Control and Prevention (CDC) states that approximately 75% of drug overdose deaths in 2021 involved at least one opioid; 66% of deaths involved synthetic opioids (e.g., illicitly manufactured fentanyls). This lethal synthetic opioid poses an imminent threat to public health, necessitating urgent intervention. According to the CDC New Mexico has an astounding high drug overdose rate of 51.6 deaths per 100,000 which far outpaces the firearm injury rate of 27.8 and the homicide rate of 15.3.

New Mexico has become a hotspot for human smuggling, with criminal organizations taking advantage of our border proximity. The porous border has allowed a significant influx of migrants, often falling victim to exploitative practices of smuggling networks. This not only poses risks to the well-being of the individuals involved but also strains our local law enforcement and resources. According to ICE, “[w]hile smugglers most often transport adult males, the number of women, children and family units seeking transport has increased dramatically in recent years. They often find themselves at risk for assault and abuse such as rape, beatings, kidnapping and robbery. Smugglers regularly overcrowd living and sleeping accommodations, and withhold food and water.” Human smuggling is a humanitarian crisis if not addressed will forever be a stain on the history of this great State.

The interconnected issues of Fentanyl trafficking and human smuggling have contributed to unprecedented crime rates across the state. According to the Federal Bureau of Investigation (FBI) in 2020 New Mexico had the second highest crime rates in the United States, with 778.2 violent crimes per 100,000 people. Our high crime rate reflects the urgent need for targeted intervention.

We do not believe that this crisis is a political issue. It affects Democrats and Republicans alike and should be addressed by whomever is in the Governor's Office. To illustrate the bipartisan nature of the situation, in August 2005, former U.S. Ambassador to the United Nations and New Mexico Governor Bill Richardson (D) declared a state of emergency along the Mexican border, which region he characterized as having been "devastated by the ravages and terror of human smuggling, drug smuggling, kidnapping, murder, destruction of property, and the death of livestock."

Apprehensions of illegal migrants by the US Border Patrol have skyrocketed from the declaration of emergency by then Governor Richardson from 1,189,075 in 2005 to 2,214,652 in 2022. This startling increase in illegal border crossings illustrates that a declaration of emergency is needed now more than ever.

These interconnected issues have strained our respective limited governmental resources to the breaking point, and have damaged and killed our constituents. Considering the severity and interconnectivity of these challenges, we earnestly request that you declare a state of emergency in New Mexico. This declaration will empower law enforcement agencies, health professionals, and other stakeholders to collaborate effectively and address these issues comprehensively. Additionally, it will facilitate the allocation of emergency funds to enhance border security, support addiction treatment programs, and strengthen law enforcement efforts to combat criminal activities associated with these crises.

We understand the gravity of invoking a state of emergency, but the current situation demands bold and immediate action. By doing so, we can work together to protect the well-being of our residents and preserve the integrity of our great state.

Accordingly, this we respectfully make this appeal that you, pursuant to your power set forth by Article V, Section 4 of the Constitution of the State of New Mexico designating you as commander-in-chief of the military forces of this State, declare an emergency and deploy the Army National Guard, Air Guard and State Defense Force to the counties struggling to deal with the smuggling, drug and crime crisis to aid the Border Patrol and local law enforcement. We understand that the US Constitution grants the Federal Government the exclusive jurisdiction to protect and manage the border. Nevertheless, we believe the declaration will allow the State of New Mexico to assist Federal Agencies, if requested, and will provide much needed support and resources to State and local jurisdictions performing their duties under State law.

We appreciate the challenges you face in leading our state, and we trust that you will give careful consideration to this urgent matter. Your decisive action in declaring a state of emergency will

undoubtedly make a significant impact in safeguarding the lives and futures of the people of New Mexico.

Sincerely:

Bernalillo County

2024 Public Road Hearing

Chaves County Board of Commissioners:

On March 14, 2024 the Chaves County Land Council voted unanimously to recommend the approval of Application #1 and Application #2 of the 2024 Chaves County Road Hearing for the following reasons.

1. Bureau of Land Management support
 - a. The Roswell BLM stated they are in support of Application #1 and would initially assist financially in the maintenance of Carrizozo Road.
 - b. The Carlsbad BLM stated they are in support of Application #2 and would initially assist financially in the maintenance of Sargent Canyon Road.
2. It is vital that Chaves County provide assistance to our local farming and ranching businesses by providing a safe and traversable road for transportation of cattle, supplies, and equipment along a County road easement and/or right-of-way.
3. It is in the best interest of Chaves County to provide assistance to our local recreational and hunting community by providing a safe and traversable road to BLM, State and National Forest land along a County road easement and/or right-of-way.
4. In the past, it had been the policy of Chaves County to maintain roads that are located within County easements or right-of-way for the health, safe and welfare of our community. The Land Council requests that the Board consider this policy, once again.

Respectfully,

Louis Jaramillo, CFM, CZO
Planning and Zoning Director

A handwritten signature in black ink is written over a rectangular stamp. The signature is cursive and appears to read "D. G. Lewis". The stamp is mostly illegible due to the signature and the quality of the scan, but it seems to contain some text and possibly a date or time.

A handwritten signature in black ink is written over a rectangular stamp. The signature is stylized and appears to be 'R. J. ...'. The stamp is mostly illegible due to the signature and the quality of the scan, but it likely contains an official name and title.
